- Individual Case: Include (in addition to above) summary of reasons child could not remain in his/her own home; services attempted or provided to prevent placement; continuing need for placement; type of placement and how it meets needs of child, proximity to child's own home, and how it is the least restrictive setting; visitation; and services attempted or provided to affect reunification and results in terms of parents, child, and home situation

Previous Treatment Plan:

Objectives at 2/83 review were commitment to DCYS and exploration of relative resources for possible permanent placement. Mother's attorney has successfully convinced court to allow continuance, 3 times, over DCYS objections, thus child is not adjudicated or committed. Atty. Ryan discussed placement and/or guardianship of Tiffany by Mr. and Mrs. Layden, but they decided they would not take on that responsibility.

Services:

Social Study was completed by DCYS.

Worker met with Cindy monthly, no success in developing a placement plan except for the mother's expressed wish to take the child back.

DCYS arranged visitation for both parents, separately, in the foster home. Father has visited about weekly. Mother visited two times in six months.

Contact with State's Attorney's office indicated case is on jury list, not scheduled as yet.

Updated Case Situation:

Court hearings were held 3/21, 7/11, 8/8, each time mother's attorney successfully argued that the Juvenile Court proceedings might affect the upcoming felony case in Superior Court. We opposed the last two continuances, but it appears Judge Ryan will continue to allow our case to wait until the criminal case is disposed of.

Mother and son Steven are still at Mill Ridge. Steven continues to spend a lot of time with the maternal grandparents. Currently, Cindy is working 4-12, grandparents babysitting.

Tiffany

Tiffany continues in foster care with Mrs. Granata. Mother has visited twice in six months. Father visits every week.

Child was voluntarily placed on 2-14-83 from hospital after police found her left alone. Court ordered mother to continue voluntary placement while Juvenile Court case is pending. Child is in licensed family home in Danbury, on bus line, and mother has been repeatedly encouraged to visit.
