I spoke to Mr. Twaji (from Senator Clinton NY, NY legal dept. office on 6/27/2006) who told me this type of **Insurance Fraud** is an on going problem and that I should forward this letter and attach my appeal so that their office can consider this matter. I am also sending this to Senator Schumer (spoke to Erin at the Albany NY office on 6/27/2006) because he is on the Judiciary Committee, in hopes he will apply this to federal legislation with Senator Clinton and other members of the Senate to put an end to this kind of **Insurance Fraud**.

I need you to consider the case that is closed in the Pennsylvania Worker's Compensation Court because the decision is biased and the New York Court has ruled that this biased decision should be upheld because of res-judicata and is supporting this type of **Insurance Fraud**.

I was raised and taught in school to believe that the Judicial System looks for the *truth*. Yet, the Pennsylvania Worker's Compensation Court did not allow the **most critical evidence** which shows beyond a shadow of a doubt that MPC Trucking ***Blatantly and willingly Defrauded*** the Small businesses (independent contractors like myself) in to a false sense of security of having insurance if something were to happen while at work when they did not!

MPC Trucking *did this with the words in the Three Letters (dated 1/7/91, 1/30/91 and 2/15/91) in which they sold Pennsylvania Worker's Compensation to these Small businesses (independent contractors).*

By not allowing these three letters as evidence it is my opinion that the Pennsylvania Worker's Compensation Court is just as guilty as MPC Trucking for ***Blatantly and willingly Defrauding*** small businesses like myself. Especially seeing that the court knew there was a question about whether MPC Trucking had Worker's Compensation Insurance because State Insurance Fund stated that they were not the Insurance Carrier for MPC Trucking at the time of the injury.

I see billboards that say Insurance Fraud is coasting us (the U.S. taxpayers) Billions of dollars. This shows that Courts like the Pennsylvania Worker's Compensation Court are willing to HELP Corporations like MPC Trucking get away with Insurance Fraud!

By doing this, the Pennsylvania Worker's Compensation Court and MPC Trucking took away everything I was and made me a dependant of The TAX Payers (Social Security Disability and Medicare) then stated it should have only taken TWO months (March 6, 1992 through May 18, 1992) for me to be back to normal (The Judge made this Decision/Order dated March 26, 1997; when I have already been on Social Security Disability and Medicare for FIVE YEARS).

While I am living below the poverty level this Corporation has bought up their competition growing from Monsey Products Corporation to Monsey Bakor then to Monsey Bakor, Henry and after this growth I stopped keeping track of them.

If I can be of further assistance or if you have any questions or need clarification please contact me.
